HOW TO FOLD A HOUSE

PRINT

1

Print on **white cardstock** (65–110 lb / 176–300 gsm) at **Actual size / 100%**. Solid line = cut, dashed line = fold, lilac flap = glue.

CUT AND FOLD

2

Cut out the house and its note card. Score the dashed lines with a ruler and an empty pen, then fold them all **away from you** so the pictures stay outside.

GLUE

3

Glue each lilac flap to the **inside** of the wall or roof next to it. Leave the bottom open, pop in a small treat and the folded note card.

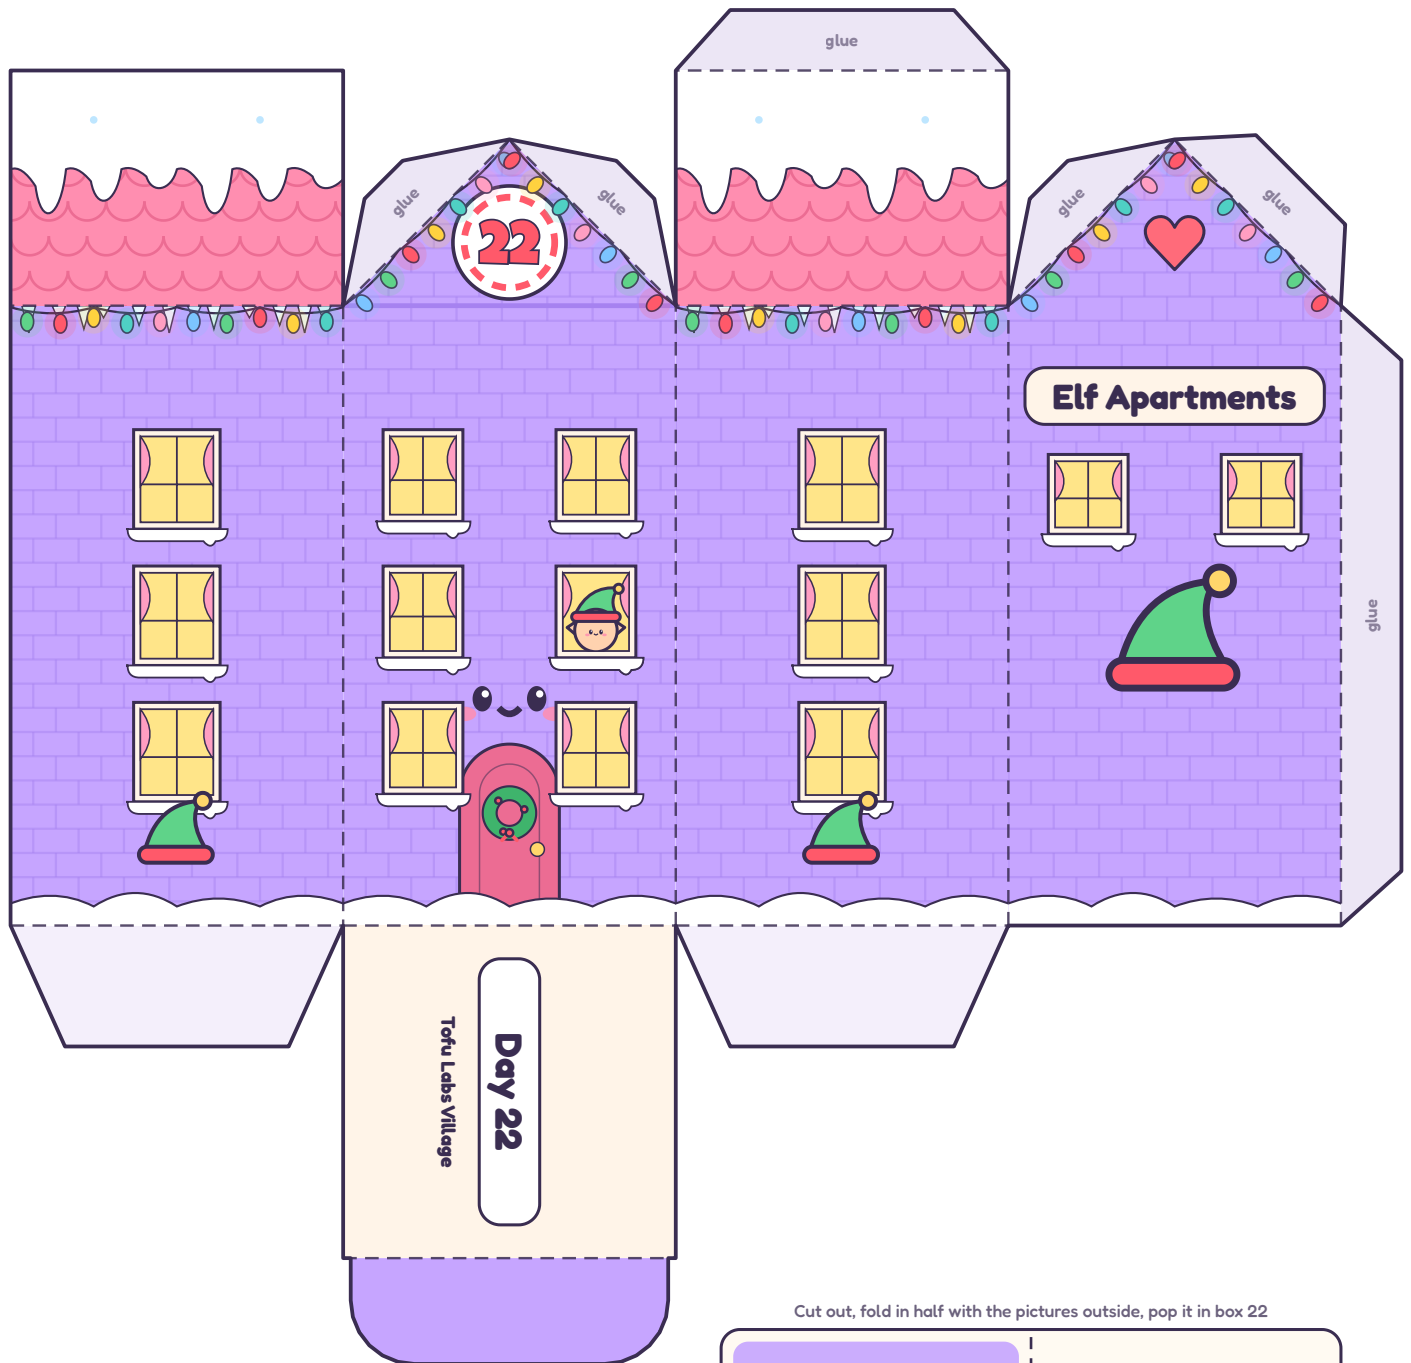

CLOSE

4

Fold in the two small side flaps, close the bottom and tuck the rounded flap inside. Open it from the bottom on the big day!

Each house takes about 6–10 minutes and holds a treat up to about 4 x 4 x 3 cm (1.5 x 1.5 x 1 in). Little ones can color the plain versions first, then a grown-up helps with the scissors.

Why the numbers 5, 20 and 22? These houses come from our 24-day advent village, so each one keeps its December day. Use them as a mini countdown, or just for fun.
